

## HOW TO DO A WRITE-IN

### How do I “write-in” a vote?

Before you close the curtain ask the Judge of Election to explain the write-in process.

Each voting machine is equipped with a “paper roll” to write-in your candidate’s name.

Find the Write-in box for the Office for which you want to write-in a candidate's name.  
Press the Write-in button in the box.

Then press the Large Flashing Red button at the top of the machine to open the Write-in Window.

Write your candidates name on the exposed paper in the window. The Board of Elections discourages the use of stickers, due to potential machine jams. Pens are provided inside the voting machine attached to the right side curtain rod.

Then pull the black shutter down over the name you have written, closing the window. The single Write-in Window at the top is used for all write-in votes.
