The Berks County Commissioners are marking National County Government month with a series of community and media outreach programs.

The commissioners scheduled their outreach focused on three topics, developing relationships, response of individual citizens, and infrastructure.

The commissioners are planning their series in tandem with the National Association of Counties 2014 theme of “Ready and Resilient Counties: Prepare. Respond. Thrive.”

Since 1991, NACo has encouraged counties across the country to actively promote county government programs and services. National County Government Month (NCGM) is celebrated each April by the nation's counties to raise public awareness and understanding about the roles and responsibilities of county government.

**Prepare. Respond. Thrive.**
