PUBLIC COMMENT

Eric Burgis discussed his poll pertaining to Trick or Treat.

Several property owners that adjoin the pool property were present to voice concerns regarding a proposed development for the property. The proposal is in the very preliminary stages, many more steps are involved before the project would be approved. The neighbors' concerns included storm water issues that already exist near the site and what having more homes in the area would add to the problem, the size of the building lots, traffic and street impacts. Engineer Kraft asked that the residents forward to the borough their contact information and when or if the project proceeds to the next step, they will be notified by email about future meetings for the proposal.

ENGINEER

1. The undermining of the wall along the creek on the Woodland Side was reviewed. It is in need of repair, does not seem to be in damage of collapse but it would be good to start the permitting process and get the costs in the budget. Dave Kurczewski made a motion to start the process, seconded by Joe Russ and duly passed by council.
