

Berks County Recreation Program Survey

Each year the Berks County Parks & Recreation Department offers more than 125 educational and recreational programs as a community service, including coordinating playground programs, athletic leagues, concerts, senior citizen programs, annual festivals, and an interpretive lecture series on nature and history topics. We want to make sure that we provide the kinds of recreation programs and services people like you and others in the county want. The findings of this survey will help to guide the planning of these programs and services.
