

## Lower Heidelberg Township Ballot Resolution

Should two additional supervisors be elected to serve in this township?

### **Simple Explanation**

The Lower Heidelberg Township Board of Supervisors currently consists of three township supervisors. The Pennsylvania Second Class Township Code allows two additional supervisors to be added to the Township's Board of Supervisors if the addition is approved by a majority of the Township's electors voting at the next election. A 'Yes' vote means that you are in favor of adding two additional supervisors to the Lower Heidelberg Township Board of Supervisors. If a majority of the Township's electors vote 'Yes', the total number of township supervisors would be increased to five (5) supervisors. A 'No' vote means that you are not in favor of adding two additional supervisors to the Lower Heidelberg Township Board of Supervisors. If a majority of the Township's electors vote 'No', the total number of township supervisors would remain at three (3) supervisors.
