November 7 December 5
All Meetings will be held on Mondays at 7:00pm

Dear Friends and Neighbors,

We are pleased to present another newsletter detailing the many exciting happenings in Hereford Township. Our goal is to make Hereford Township a better place to live and work. Courtesy and consideration go a long way towards maintaining the quality of life and quiet enjoyment for you and your neighbors.

John G. Membrino, Chairman/Roadmaster
Karla T. Dexter, Vice-Chairwoman/Assistant Treasurer
Jeffrey A. Sell, Supervisor

NEWS FROM THE BOARD OF SUPERVISORS:

BUDGET

This year the Board was unable to balance the budget without a modest tax increase. The new tax rate for 2011 will be .96 mil, or 96.00 for each 100,000 of assessed property value. We are hopeful that the current economic conditions improve and it is important to us that we continue to provide the services to our residents.

RECYCLING

The Board is pleased to announce that the recycling program will continue in 2011 thanks to the continued funding from Berks County. In 2009 the residents of Hereford Township recycled over 15 tons of material. In the past year we were pleased to add the services of Abitibi Paper Retriever. These green and gold bins accept newspaper, magazines and paper and are available 24/7. They do not accept cardboard or phone books.

TOWNSHIP OPPOSED TO FORCED MERGER AND CONSOLIDATION OF LOCAL GOVERNMENT

The Board unanimously opposed House Bill 2431 and Senate Bill 1357 which would change the Pennsylvania Constitution and establish the County as the basic level of government in the Commonwealth. No one has ever proven that bigger, centralized government is better or more cost-effective than township government.

BERKS COUNTY COOPERATIVE PURCHASING COUNCIL

The board voted to join the Berks County Cooperative Purchasing Council which is a group of other Berks County municipalities who have partnered together to buy items in bulk and take advantage of this leveraged buying power. Some of the items that can be purchased are road salt, fuel oil, diesel fuel, office supplies and much more.

Continue on Page 2

VOLUNTEER FIREFIGHTERS NEEDED

If you are looking to make an impact on your community, consider joining the Seisholtzville or Hereford Fire Companies. Volunteers are needed 24 hours a day, 7 days a week. There is a critical shortage, especially during daytime weekday business hours when most members are employed outside of the coverage area. Participation from local businesses would help to alleviate this problem, especially if employing a trained firefighter from another jurisdiction.

Seisholtzville Fire Company - 610-845-2200 - www.sfc39.org

Hereford Fire Company - 215-679-4770 - www.hvfc58.org

Continuing from page 1

NEWS FROM THE BOARD OF SUPERVISORS:

CURATIVE AMENDMENT #1

As we have reported previously, the Township is faced with ongoing litigation from Radnor Development Co. for a 125.920 acre tract of land located in our Agricultural District along Rt. 100 and Kutztown Road. Our previous denial of the Curative Amendment Challenge was appealed to the Berks County Court of Common Pleas and oral arguments are expected to be heard in the first quarter of 2011.

CURATIVE AMENDMENT #2

On November 29, 2010 a second Curative Amendment challenge to our newly adopted Zoning Ordinance was filed by the same applicant, this time asserting that our ordinance is defective even though we have now zoned for this use. They assert that our ordinance does not allow for the massive scope of their proposal and therefore it de-facto excludes their proposed Continuing Care Retirement Community (CCRC). Their proposal is that they want to build fifteen 5 story buildings. We anticipate that hearings will begin later this month on this second challenge.

Written by: John G. Membrino

Planning Commission

Six subdivision plans are currently active with two having received Preliminary Approval. These include the 82 lot Appold/Clemmer; the 906 Gravel Pike commercial greenhouse; the 2 lot Hilgar, Young and McCluskey; and the 3 lot Memo Farm subdivisions. The 17 lot Solt and 3 lot Saracino subdivisions are on record as having received Preliminary Approval with their respective 5 year window to move forward. A seventh plan, the 4 lot Mack subdivision was given final approval in December 2010.

Since the last newsletter the Planning Commission has finished their review of the 2009-04 Zoning Ordinance. Certain omissions and technical issues have been identified and passed onto the solicitor for legal scrutiny with the intent of ultimately amending the Zoning Ordinance to address these concerns. We would like to thank the community for their input and bringing to our attention those sections that needed work. The Planning Commission meets the last Wednesday of every month @ 7:00.

Written by: Karla T. Dexter / Planning Commission Secretary

Environmental Advisory Council

GROWTH IN COMMUNITY AWARENESS

Each year brings new opportunity to see life anew...to become more. As I view through my window the beauty of the Hereford landscape, I know you do the same. I observe nature interacting harmoniously and I ask, how, as a Township, we can interact in a more sharing, caring, fostering way...how can the people be brought to nature, and nature to the people? Sharing open space with paths, trails, and green belts is one suggestion.

Our new Township zoning ordinance encourages multiple land use, along with preservation of beauty and habitat. The Township Planning Commission will be helping incorporate these concepts into new subdivision plans that are submitted. The Environmental Advisory Committee (EAC) is actively exploring ways to apply these worthwhile concepts to a proposal that will connect key features of the Twp. with hiking paths. The Mensch Mill Conference Center has kindly opened their several miles of trails to the public for use during the non-camping season.

The EAC is seeking residents to serve in a planning/advisory capacity to formulate a plan to be submitted to the Twp Board of Supervisors that would connect the existing trails of the Mensch Mill Conference Center to the village of Huffs Church and then on to the beautiful trail in the Township park on Seisholtzville Road. There are many facets to be considered for such a proposal, which County and State government offers support and backing. Please make contact with an EAC member in the next several days if you care to participate in this way.

EAC Committee: Bob Bolen 215-679-5945 ~~Steve Debroux, 610-845-3271
Jim Skelton 215-679-6051 ~~ Roger Yepsen 610-845-3392
Ed Land 610-845-3257

Recreation Committee Report

This past year was a busy one for the Hereford Township Recreation Committee and the township parks. Kicking off the season with the annual Earth Day event in April, community volunteers worked together to refurbish all three parks. At the Township Park, trash and debris were removed, the sand was raked for the volleyball court and the children's play areas, and weeds were pulled. Treichler's Park had all the poison ivy removed, trash picked and the entire tot lot scrubbed down. Later in the summer a damaged section of the slide was replaced. Tollgate Park's fence was repaired, trash removed, new educational posters replaced the old ones, and flowers were planted. We want to give a special thanks to Boy Scout Troop 108 and their Scout Masters, to Chris Shaver, and to Supervisor Jeff Sell and his family for all their help.

Throughout the summer additional improvements were made. Thanks to the efforts of Chris Day and the Maintenance Department in collaboration with Longswamp Township's Maintenance Department, we have added an additional loop to the walking path at Township Park along Seisholtzville Rd. Logan Mauer, Troop 108, built and installed bird houses at both Township and Tollgate Parks, in partial fulfillment of his Eagle Badge. We have added a jungle gym for children ages 5-12 next to the pavilion at Township Park. The installation of a picnic table at Tollgate presented a special challenge for Terry Dwyer and Jeff Sell. You will also find information about PA fishing and ecological matters in a white mail box at Tollgate Park installed by committee member, Pam Dwyer.

Spring 2011, Pam will present a series of nature programs for primary school age children called "Backyard Nature Fun" at Tollgate Park. Watch for fliers.

The Recreation Committee is eager for new members and creative energy. We need both adult members and junior members (age 9-16). We generally meet on the first Monday of the month, with the exception of May, July and September. (check dates online) Please contact Pat White or Maryjean Sell for further information.

Hereford Township Heritage Society News

The Hereford Township Heritage Society has a fully functioning web site. You can view the content at <http://www.herefordtownshipheritagesociety.org> Detailed information concerning our book, "Early Times in Hereford Township" is provided. Ten photographs with captions from the 350 photographs in the book are shown. Books are still available but the pile is shrinking. A printable order form is provided to purchase a book by mail or copies can be picked up at the Hereford Township Municipal Building.

A major effort is ongoing to develop the "Genealogy of Hereford Township". It is an attempt to document all of the families who lived in the township, beginning from its humble settlements in the 1730s up through the late 1900s. This huge jigsaw puzzle now contains over 12,000 names and will eventually represent most of the families that were born, lived, worked, and died in this general area. Data is being collected from church records, visits to cemeteries, and transcriptions of obituaries from the Town and Country and other newspapers. Genealogy inquiries concerning Hereford township families can be submitted via e-mail to HTHS@verizon.net. We will attempt to provide the information currently available or recommend where that information might be found.

A project of interest is the restoration of a significant "private cemetery" located in Hereford Township. Thirteen private cemeteries were documented in a survey conducted in the early 1900s. The Federolf – Bittenbender Cemetery, located in Seisholtzville, is a large plot surrounded by a magnificent stone wall. A number of graves have been identified with stone markers and individual tombstones. The total number of burials isn't known. Vandalism and neglect for many years has taken its toll. Waist high weeds, small trees, large diameter grape vines, poison ivy, wild roses, and the ever-present "grundsow", presented a challenge to a volunteer cleanup crew, representing the Boy Scout Troup of the Schwenkfelder Church in Palm and a few local residents. We hope to release additional information during 2011 on this potential project. Guidance and advice has been provided by the Berks County Historic Graveyard Preservation Society, Inc.

We are planning to begin a series of meetings open to the public. The programs will cover specific topics regarding the history of Hereford Township. The first meeting is scheduled for **Tuesday, March 22 at 7:30 PM**. The meeting room in the Hereford Township Municipal Building will be utilized for this activity. The topic of the program will be announced in the Town and Country newspaper issue of Thursday, March 17, 2011.

All roads lead to Hereford

SNOW AND ICE REMOVAL

We again ask that residents do not shovel snow from driveways into the roadway. This practice is illegal under the state motor vehicle code and is also hazardous. Property owners are reminded that they are responsible for the actions of anyone they may hire for snow removal. If cleared properly, the plow blade has a chance to “unload” its build up of snow before passing your driveway.

PAVING PROJECTS

Last fall a portion of Weaver Rd. was paved and some patching work was done to Gun Club Rd. Future paving projects may include Dairy Lane but a final decision will be made in the spring of 2011.

FETTERMAN RD. BRIDGE

The township expects to move forward with the removal of the Fetterman Road. Bridge during the 1st half of 2011.

Sketch shows the proper way to shovel snow out of your driveway.

SIGN THIEVES BEWARE

During the past year the township has needed to replace many stolen or destroyed road signs. This expense is a waste of taxpayer money and we ask that if anyone sees any suspicious activity that they report this to the Pennsylvania State Police. We have also started to install cameras at random locations in an effort to catch these thieves and vandals.

Written by: John G. Membrino

Crossley Farm Superfund Site

Several months ago the EPA informed the community of its plans to move the groundwater treatment plant from the Dairy Lane side of the Crossley Farm to the Dale Rd side. However, after listening to community concerns referencing potential geological problems, the EPA has decided to locate the facility near the top of Black-head Hill closer to the “hot spot”. An old logging road off of Dale Rd potentially will be the access route. A pump station may be needed to move the groundwater up to the new site which would initially involve higher capital costs but the new site offers a better building area resulting in possible cost savings. It is also believed that the new location offers greater long-term effectiveness due to its location closer to the source of contamination. To date, nine new extraction and monitoring wells have been installed along Dale Rd. Construction of the groundwater treatment plant is expected to commence in spring 2011, pending weather and ground conditions. Before construction begins the EPA will hold an Open House to share building design plans and to discuss any questions or concerns about the upcoming project.

Want to green your property for a few dollars?

Each April, the Berks County Conservation District makes available tree seedlings at a very affordable cost. For example, a bundle of ten white pine seedlings goes for just \$ 8.00 Seedlings are ordered in March, then picked up at the offices (1238 County Welfare Road, Leesport) in April. For directions and availability, go to www.co.berks.pa.us/conservation.

*******NOTICE TO ALL RESIDENTS*******
The County of Berks website has recently gone through construction to provide a new improved look. PLEASE UPDATE ANY BOOKMARKS YOU MAY HAVE BECAUSE THEY MAY HAVE CHANGED!!

Our new link is: <http://www2.co.berks.pa.us/hereford>

Our website is currently experiencing some issues. Please bear with us while we work to fix them. If you need any permits or our Zoning Ordinance please contact our office 610-845-2929 or email us for assistance.

Thank you

State Senator Michael A. O'Pake

At the Hereford Township Board of Supervisors meeting held on January 3, 2011, the Board held a moment of silence to memorialize the life of State Senator Michael O'Pake who served the residents of Hereford Twp. for 38 years.

Senator Michael A. O'Pake, was a Democrat of the Pennsylvania State Senate the 11th District since his election in 1972. He had been the Democratic Whip in Pennsylvania since 2000, having been elected by his colleagues to the position for the 6th consecutive time. He was previously a member of the Pennsylvania House of Representatives from 1969 through 1972. Senator O'Pake died Monday, December 27, 2010. He was 70. At his death, Senator O'Pake was the longest-serving member in the Pennsylvania General Assembly. Following two terms in the State House, he was first elected to the State Senate in 1972 and was overwhelmingly re-elected to the Senate nine times.

Senator O'Pake noted in November, on being awarded the prestigious Shield of Loyola award at St. Joseph's, that his legislative career was guided by Jesuit precepts of service to others. "I hope tonight and tomorrow, when we all look back, we can answer this question in the affirmative," he said, "Has my life made a difference for good in the lives of others?"

During a distinguished legislative career that spanned five decades, Senator O'Pake focused especially on serving the needs of children and families, the elderly and the disabled, and was the author or a principle role-player in the passage and enactment of numerous significant laws that have shaped Pennsylvania in recent decades, including the establishment of the Department of Aging, the adoption of No-Fault divorce, passage of the Children's Protective Services law and Protection from Abuse Act, creation of a property tax and rent rebate for seniors and the disabled, and the establishment of the state's landmark Children's Health Insurance Program (CHIP).

He was unswerving in his desire to help people no matter the difficulty of the issues they confronted or the problems they faced, and was especially dedicated to recognizing the special and everyday accomplishments of 11th Senatorial District residents, tirelessly appearing at as many events large or small as his schedule could handle.

The full article can be found on Senator O'Pake's website: <http://www.senator-opake.com/>

Special Election To Fill O'Pake's Seat

State leaders have set a date for a special election to replace longtime state Sen. Michael O'Pake, who died last month while still in office. The election affects residents who live in O'Pake's Berks County district, including the city of Reading. ***The Democratic and Republican parties will choose candidates for the election, which will take place March 15. Staffers in O'Pake's offices will continue to serve people in the 11th District until a replacement senator takes office.***

Right-to-Know

- 1. Requests:** It is important to remember to make sure when you file a RTK request, you are seeking records and not just asking questions. You should make sure that your request for records is specific and concise. Identify as specifically as you can the records you want.
- 2. How to file a request:** a. Fax b. Electronic Mail c. In Person d. U.S. Mail
When submitting a request you should always retain a copy for your files.
- 3. What to expect:** An agency has five (5) business days to respond in writing to **a)** grant the request, **b)** deny the request (citing the legal basis for denial/partial denial) or **c)** invoke a 30-day extension for certain reasons. ***The clock starts the day after the request is received during regular business hours.*** Acceptable grounds for a 30-day extension includes: off-site location of records, staffing limitations, need for legal review or redaction, complex request, or requester did not pay applicable fees as required, or failed to follow Agency policy. If an Agency does not respond to a request in the allotted time, the request is deemed denied, and you have the right to file an appeal with the office of Open Records.

If you have any questions please contact the Township officer or contact Open Records <http://openrecords.state.pa.us>

Hereford Township would like to welcome Peter E Cunnius, Sr. the new Administrator and Chief of Operations for Bally Community Ambulance Association

Peter E. Cunnius, Sr., MS, RN, PHRN, NREMT-P is the emergency medical services (EMS) administrator and chief of operations for Bally Community Ambulance Association. He has over sixteen years experience with Good Will Ambulance in Pottstown, PA where he served as a paramedic (NREMT-P), pre-hospital nurse (PHRN) and lieutenant. He is a former fire chief, assistant Borough chief/fire marshal for the Pottstown Fire Department, Station-C, which is a combination department consisting of both career and volunteer personnel. He has an Associate degree in Emergency Medical Services Management, a Bachelors degree and a Masters degree in Public Safety Services Management and has significant experience in fire service training and public speaking at local, state, national and international venues on various topics. He is a published author of articles, textbooks, instructor development and research in the field of EMS. He is a Commonwealth of Pennsylvania NIMS/ICS, suppression and hazardous materials instructor with twenty-six years experience. He is also a member of several professional organizations such as, ISFSI, NNA, and IAFF.

He also has a strong background in emergency management, terrorism planning, training and hospital emergency management. He served as the network emergency manager for Albert Einstein Healthcare Network for 3 years. He also has served as faculty for over fifteen years designing and delivering emergency medical services management programs for Drexel and Philadelphia Universities in Philadelphia, PA.

Currently, he volunteers for The American Heart Association (AHA) EPA-Delaware as regional faculty and instructor for BCLS, ACLS and PALS. He also volunteers as the AHA QA/QI committee chair. Currently, Mr. Cunnius works as an emergency room registered nurse (RN) and teaches paramedic and pre-hospital nursing courses at the Emergency Medicine Institute (EMI) as faculty of Lehigh Carbon Community College. He resides in Colebrookdale Township, Berks County with his wife, of twenty years and two children and is a sworn Pennsylvania Notary Public.

Bally Ambulance Upgrades from BLS to ALS

The Bally Community Ambulance Association has upgraded emergency medical services it has provided since 1951 from basic (BLS) to advanced life support (ALS). This upgrade allows Bally Ambulance to provide a team approach by combining emergency medical technicians (EMTs) and paramedics to give fast advanced medical care. Even with the addition of paramedics the use and need for volunteers has not lessened. Volunteers continue to provide invaluable assistance to the organization.

Written by: Peter Cunnius, Sr.

Hiking Trail

The township's Environmental Advisory Committee (EAC) would like to work with a small group of interested homeowners to plot a hiking trail from the park behind the township building to downtown Huffs Church. We will be contacting people along likely routes in the months ahead, with the aim of establishing an unpaved, low-impact path that would be open only to those on foot-- no bikes, horses, or motorized vehicles. The EAC also will be applying for federal recognition of new names for the township's smaller tributaries; named streams have a better chance of being protected by environmental laws, even if they don't have a year-round flow. Residents are encouraged to suggest unnamed streams (as well as possible names) for the EAC to consider, by emailing the township office.

Written by: Roger Yepsen

RAIN GARDENS

Rain gardens are plantings in depressions that catch storm water runoff from sidewalks, parking lots, roads and roofs. Rain gardens come in various shapes and sizes, from large basins carved by front-end loaders to small artificial stream bed-like formations complete with pebbles. Rain gardens not only slow water down to give it time to soak into the ground and be used by plants, but also filter out sediment and chemical pollutants. (EAC)

A Note from Pam Dwyer

I have been a member on the Hereford Township Recreation Committee for the past 2 years. Every community has within it people with the skills to create a positive change. My hope is to reach out to some new folks who can get involved with the Recreation Committee this year. We welcome unique and fresh ideas. The Committee wants members who can share their ideas, get active and pitch in with the committee. Additionally, the Recreation Committee needs members to join who are willing to speak up, make a difference, and support our Board Members. If you are interested in joining please contact the office 610-845-2929

Written by: Pam Dwyer, Chairwoman

****Notice to Residents:** Information on this form is public information and may be accessed by third parties in accordance with and subject to the requirements of the "Open Records Law"

Is there a legal reason your information should not be shared with a third party agency or available for public inspection: Yes No — If yes, please explain: _____

House Number Sign Form

Help emergency services better protect and save your family. It is critical for all owners of any residence, apartment building, or business in the Township to display the house number in such a fashion that it is clearly visible from the street, day or night. The house number shall be made up of numbers, which are not less than three (3) inches in height, contrasting in color with the background on which they are affixed, and as near to the front entrance as possible and practicable.

House Number Signs are available through the Hereford Fire Company. The signs are a high density green on both sides 6" X 12" pre-drilled with 4" white reflective numbers. If you wish to purchase these signs through the fire company, please complete the following information:

Name: _____

Address: _____

Phone Number: _____

Street Address Number to be placed on the sign: _____

Number of Signs Ordering: _____

Check Enclosed for: \$16.00 X number of signs = \$ _____

Shipping fee for Non-Hereford Township residents (padded envelope): \$5.00 _____

Please make your check payable to Hereford Fire Company. This form and your check should be sent to the following address:

Hereford Fire Company
P.O. Box 7
Hereford, Pa 18056

HEREFORD TOWNSHIP RESIDENTS: The signs will be delivered to the address listed above. If you have a P.O. Box, please include both your street address and P.O. Box Number.

NON-HEREFORD TOWNSHIP RESIDENTS: The signs will be mailed in padded envelopes to your address at a fee of \$5.00 for each sign. Please include both your street address and P.O. Box Number. If you do not want the sign mailed you can call the Firehouse at (215)-679-4770 to make other arrangements.

Please circle which way you want the numbers on your sign(s). Also indicate if you want the holes on top of the sign or on the bottom.
