

BERKS COUNTY WORKFORCE DEVELOPMENT BOARD

The Berks County Workforce Development Board (the Board) was appointed effective July 1, 2015 by the Berks County Board of Commissioners. The Board continues the work begun in 1999 by its predecessor organization the Berks County Workforce Investment Board (WIB). Federal funding under the *Workforce Innovation and Opportunity Act of 2014* provides most of the financial support for Board activities and programs.

Board members are unpaid members of the local community. By federal law and state policy, representatives of the local business community must constitute a majority of the Board's membership. Local labor organizations, community-based organizations, economic and community development entities and educational institutions are also represented on the Board.

The Board normally holds public meetings once each calendar quarter and members also serve on Committees which meet regularly. Board Committees may also include non-Board members with particular workforce development experience and expertise.

The Board designates the operator(s) and oversees the operation of the PA CareerLink® Berks County (one stop delivery system).

Statement of Purpose

The purpose of the Berks County Workforce Development Board is to identify the long-term, strategic workforce development needs of the community; propose strategies to meet those needs; set priorities; build partnerships to align resources in support of those strategies; test specific initiatives to advance those ends; and measure and evaluate results. We support the development and maintenance of a skilled and competitive workforce in alignment with the broader economic development efforts to attract, retain and grow business in Berks County.
